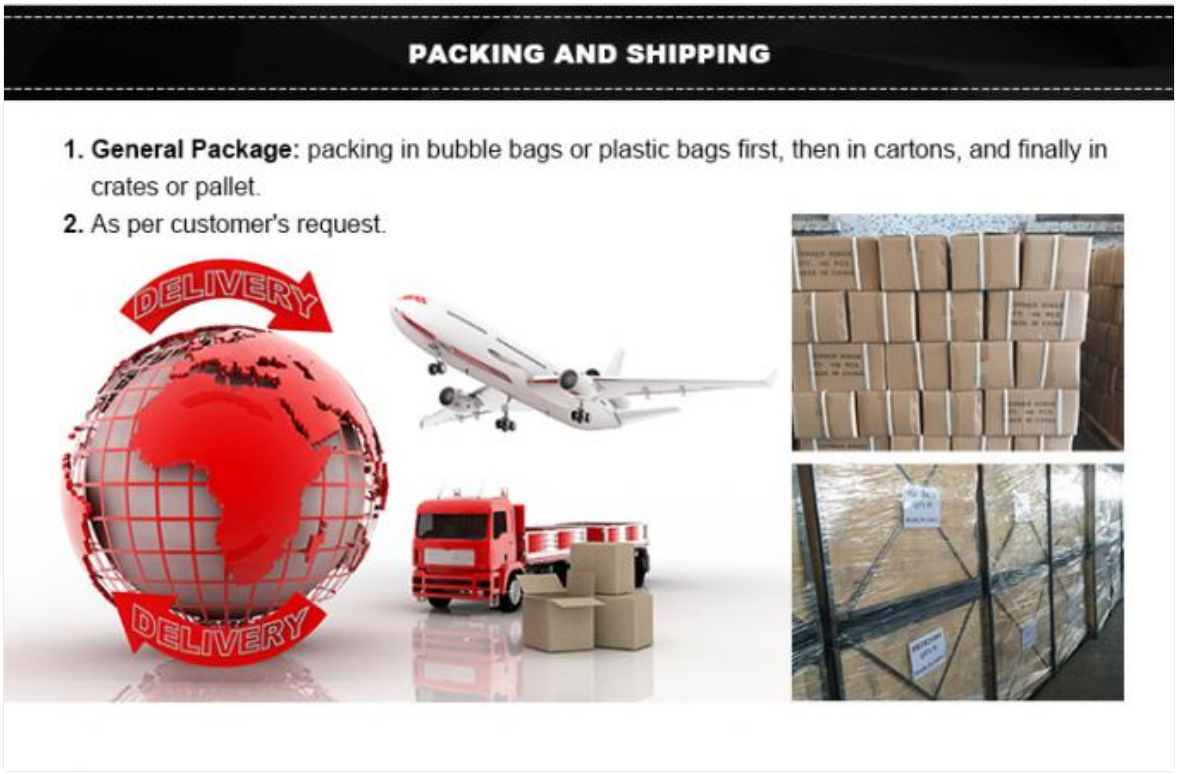
Packing & Delivery



To ensure the safety of your goods, we provide professional, environmentally friendly, convenient and efficient packaging services.

Company Profile

Dongguan Tianpin Hardware Technology Co., Ltd. was established in 2008, located in Dongguan, Guangdong Province, with convenient transportation and beautiful environment. Our company covers an area of 2,000 square meters, integrating production and trade.
We specialize in metal stamping, CNC machining and sheet metal fabrication with rich experience in the metal manufacturing industry. Our main products include automotive spare parts, aluminum heat sinks, custom chassis shells and CNC machining products to meet diverse customer requirements.
With 30 sets of 20-200T stamping equipment, we maintain strict quality control and achieve monthly output of 500,000 pieces with high precision and production efficiency. Our monthly capacity includes approximately 800 sets of industrial chassis molds and 5,000 sets of industrial chassis products.
Adhering to the principle of mutual benefits, we have earned a reliable reputation through professional services, quality products and competitive prices. We welcome domestic and international customers to cooperate for mutual success.

Frequently Asked Questions

Who are we?

We are based in Guangdong, China, established in 2015, serving domestic and international markets including North America, Europe, Asia, and more. Our team consists of 11-50 professionals.

How do we guarantee quality?

We provide pre-production samples before mass production and conduct final inspection before shipment to ensure product quality.

What products do we offer?

Our product range includes metal parts, heat sinks, and precision stamping parts for various industrial applications.

Why choose us?

With expertise in precision metal stamping since 1989, we offer strict quality control, competitive pricing, fast delivery and excellent service across various application areas.

What services do we provide?

We accept various delivery terms (FOB, CFR, CIF, etc.) and payment methods (T/T, L/C, PayPal, etc.), with multilingual

support in English, Chinese and German.
