## Manufacturing Capabilities

Our company specializes in metal manufacturing with extensive experience in producing automotive spare parts, aluminum heat sinks, custom chassis shells, and CNC machining products. We operate 30 sets of 20-200T stamping equipment to ensure product quality, achieving a monthly output of 500,000 pieces with precision and high-speed production efficiency.

## Why Choose Our Products

We specialize in hardware stamping molds, progress molds, and drawing molds, with a monthly capacity of approximately 800 sets of complete industrial chassis molds and 5,000 sets of industrial chassis products. Committed to mutual benefit, we have earned a reliable reputation through professional service, quality products, and competitive pricing. We welcome domestic and international customers to collaborate for shared success.
