Manufacturing Capabilities

Our Advantages

With extensive experience in metal manufacturing, we specialize in automotive parts, aluminum heat sinks, custom chassis shells, and CNC machining. Our facility houses 30 sets of 20-200T stamping equipment, enabling monthly production of 500,000 precision parts with high efficiency.

Why Choose Us

We excel in producing hardware stamping molds, progressive dies, and drawing molds, with capacity for 800 sets of industrial chassis molds monthly. Our commitment to quality, competitive pricing, and professional service has earned us an excellent reputation among global clients.
