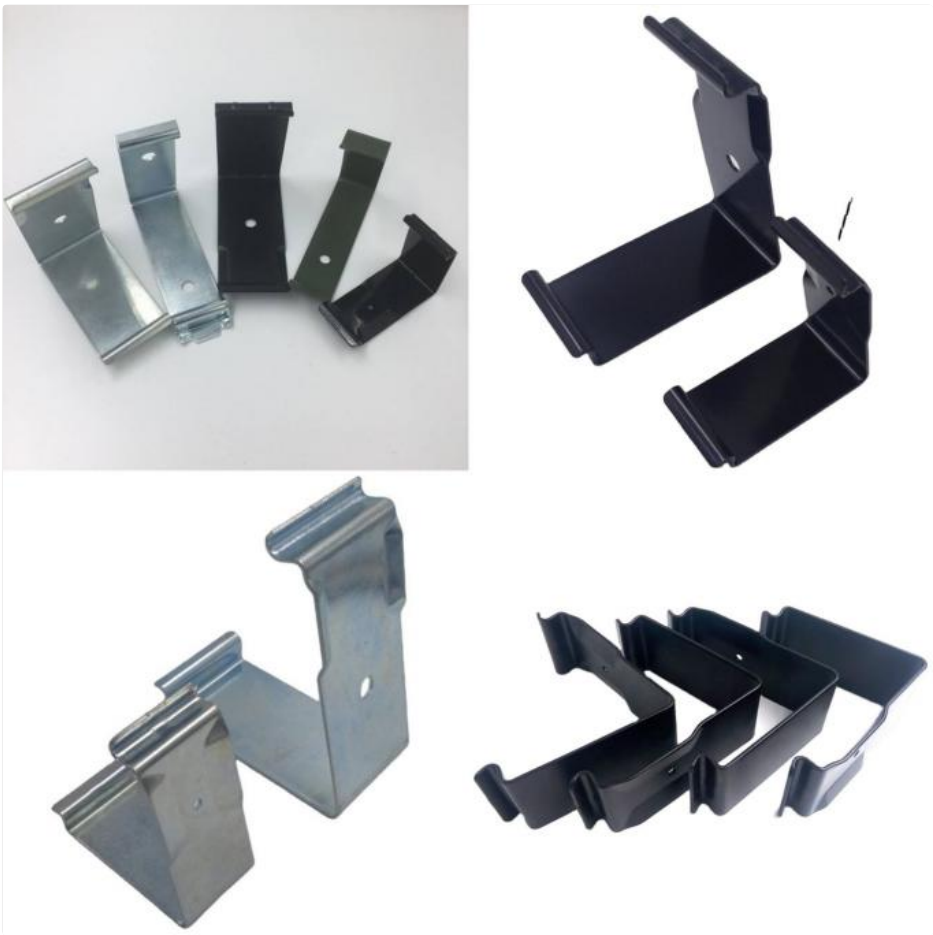
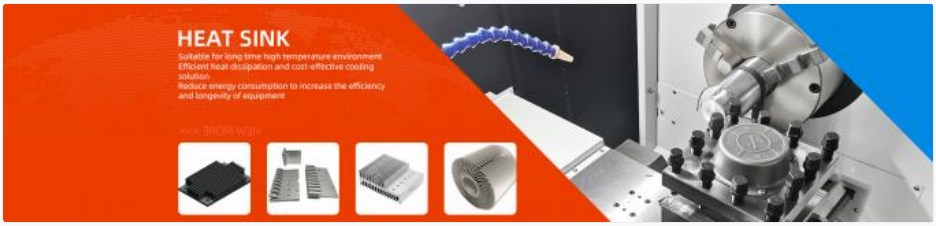
Single Gross Weight	0.2 kg



Company Profile

Our Advantages

Our company has extensive experience in metal manufacturing. We specialize in automotive spare parts, aluminum heat sinks, custom chassis shells, and CNC machining products to meet diverse customer requirements. With 30 sets of 20-200T stamping equipment, we maintain strict quality control and achieve a monthly output of 500,000 pieces with precision and high-speed production efficiency.



Why Choose Us

We specialize in hardware stamping molds, progress molds, and drawing molds, with a monthly capacity of approximately 800 sets of complete industrial chassis molds and 5,000 sets of industrial chassis products. Committed to mutual benefits, we have built a reliable reputation through professional services, quality products, and competitive prices. We welcome domestic and international customers to collaborate for shared success.
