

Industrial Application CNC Machined Parts Customize ODM OEM $\pm 0.1\text{mm}$ Accuracy Galvanized

Our Product Introduction

for more products please visit us on tampin-metal.com

Basic Information

- Minimum Order Quantity: 200 pieces
- Price: \$0.30-0.35 / piece

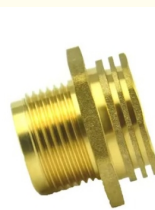

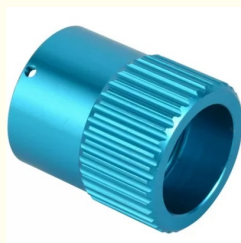

Product Specification

- 原 地: Guangdong, China
- 品牌: TIANPIN
- 型号: OEM
- Material: Stainless Steel, Aluminum, Carbon Steel
- Accuracy: $\pm 0.1\text{mm}$
- Application: Industrial
- Surface Treatment: Polishing, Powder Coating, Galvanized, etc.
- Processing Way: CNC Machining
- Size: Customized
- Color: Silver, Black, Custom
- Sample: Available
- Service: Customize ODM OEM
- Thickness: 0.5mm/0.8mm/1.0mm/2.0mm/2.5mm
- Highlight: Industrial Application CNC Machined Parts, Customize ODM OEM CNC Machined Parts, $\pm 0.1\text{mm}$ Accuracy Galvanized CNC Machined

Our Product

Product Description

OEM Professional Factory Direct CNC Metal Machining Parts Fabrication Machining Parts CNC Machining Service

Product Description

Material	Stainless Steel, Aluminum, Carbon Steel
Finish	Power Coating, Polishing, Anodized, Electroplating

Processing Way

Stamping,Bending,CNC Machining

Packaging Details

Bubble pack individually to prevent from damaging and scratches in transporting, then in carton

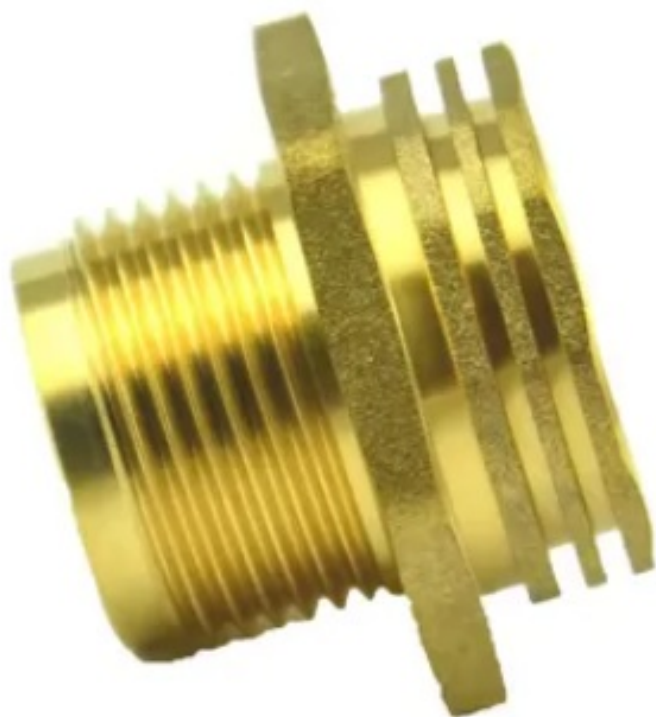

Payment Terms

T/T, D/A, L/C, D/P, Western Union, MoneyGram

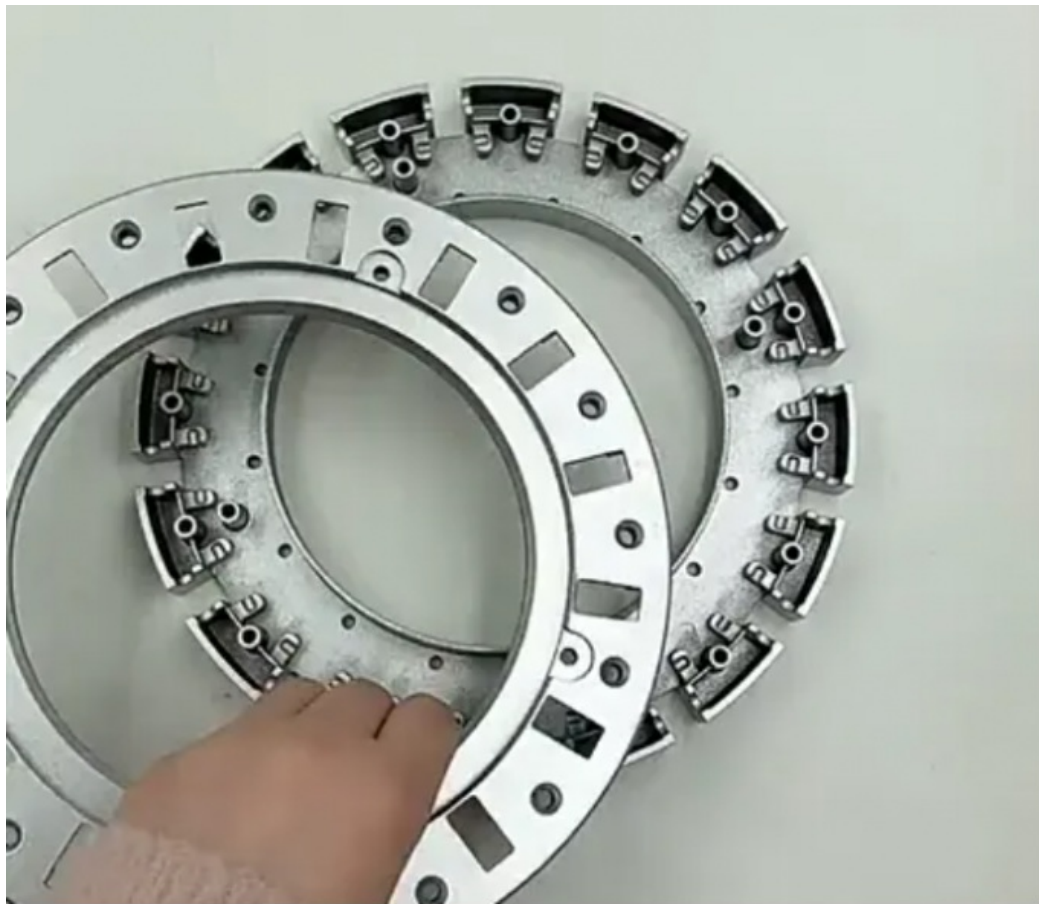

Delivery Time

25-30 work days

Packing & Delivery

Selling Unit	Single Item
Single Package Size	20*20*15 cm

Single Gross Weight

0.2 kg

Company Profile

Dongguan Tianpin Hardware Technology Co., Ltd.

Forging Innovation, Crafting Quality

Phone: +86-133-2039 1637

E-mail: sales@tianpin-metal.com

Our Advantages

Our company has rich experience in the metal manufacturing industry. Our main products include automotive spare parts, aluminium heat sinks, custom chassis shells and CNC machining products to meet different requirements of different customers. We have 30 sets of 20-200T stamping equipments to strictly control the quality of our products, and we can reach a monthly output of 500,000 pieces with precision and high speed production efficiency.

METAL STAMPING

Mass production has significant cost advantages
Production of a variety of materials and complex shapes
Production of high quality and consistent precision metal parts

VIEW MORE

SHEET METAL FABRICATION

Professional custom sheet metal fabrication service
Automotive, electronic equipment and other industries are widely used
Provide strong, durable finished products to meet a variety of engineering needs

VIEW MORE

CRATE CLIP

High quality metal material ensures durability
Recyclable powerful crate clip for cost-effective packaging
Customized different size and shape to meet various packaging needs

VIEW MORE

LASER CUTTING

Precision cutting using advanced laser technology
For processing needs of various materials and complex geometry
Complete processing tasks quickly and reducing production cycles and costs

VIEW MORE

Why Choose Us

Our company is good at producing hardware stamping molds, progress molds, drawing molds, and the monthly capacity of moulds can be up to about 800 sets of complete industrial chassis moulds, and the monthly capacity of products is about 5000 sets of industrial chassis. Adhering to the business principle of mutual benefits, we have had a reliable reputation among our customers because of our professional services, quality products and competitive prices. We warmly welcome customers from at home and abroad to cooperate with us for common success.

Product Packaging

Packaging Details:

1. Bubble pack individually to prevent from damaging and scratches in transporting, then in carton
2. As your request

FAQ

Q: Do you have any MOQ?

Reply: No limit. More quantity has better price, we will check the best price for you.

Q: What's the delivery time?

Reply: Generally within 7-15 days, we will arrange for you as soon as possible.

Q: what can you buy from us?

Reply: Metal Stamping/Toggle Latch/Casting/Clamp/Crate Clip/Server Chassis

Q: why should you buy from us not from other suppliers?

Reply: Established in 1998, Tianpin Technology is specialized in precision metal stamping& casting, with wide-range production lines cover all kinds of application areas. Strict QC system, reasonable price, fast delivery and best service are all our advantages.

Q: Which shipping method do you usually use?

Reply: By train/sea DDP, by express, we can also ship with your own forwarder.

Q: How do I know if you have shipped my order?

Reply: Tracking number will be provided as soon as your order is shipped.
