

Sheet Metal Fabrication Service Custom Anodized Aluminum CNC Machining Parts Polishing High Precision

Our Product Introduction

for more products please visit us on tampin-metal.com

Basic Information

- Minimum Order Quantity: 200 pieces
- Price: \$0.30-0.35 / piece

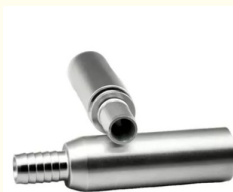

Product Specification

- 原 地: Guangdong, China
- 品牌: TIANPIN
- 型号: OEM
- Material: Stainless Steel, Aluminum, Carbon Steel
- Accuracy: ± 0.1 mm
- Application: Industrial
- Surface Treatment: Polishing, Powder Coating, Galvanized, etc.
- Processing Way: CNC Machining
- Size: Customized
- Color: Silver, Black, Custom
- Sample: Available
- Service: Customize ODM OEM
- Thickness: 0.5mm/0.8mm/1.0mm/2.0mm/2.5mm
- Highlight: Polishing High Precision CNC Machining Parts, Custom Anodized Aluminum CNC Machining Parts

Product Description

Custom Anodized Aluminum CNC Machining Parts with High Precision

Product Specifications

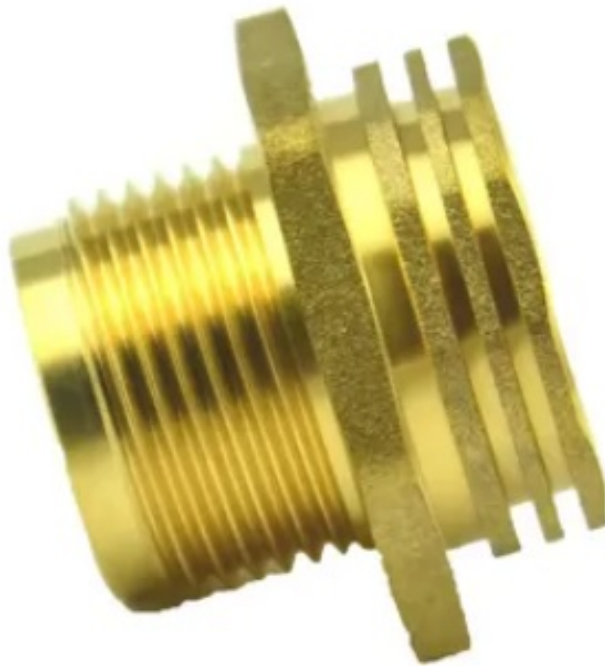

Our Product

Origin	Guangdong, China
Brand	TIANPIN
Model	OEM
Material	Stainless Steel, Aluminum, Carbon Steel
Accuracy	±0.1mm
Application	Industrial
Surface Treatment	Polishing, Powder Coating, Galvanized, etc.
Processing Method	CNC Machining
Size	Customized
Color	Silver, Black, Custom
Sample	Available
Service	Customize ODM OEM
Thickness	0.5mm/0.8mm/1.0mm/2.0mm/2.5mm

Product Description

Our high precision sheet metal fabrication service provides custom anodized aluminum and metal CNC machining parts with exceptional quality and accuracy. We specialize in manufacturing industrial components with tight tolerances and superior surface finishes.

Key Features

- Materials: Stainless Steel, Aluminum, Carbon Steel
- Surface Finishes: Power Coating, Polishing, Anodized, Electroplating
- Processing Methods: Stamping, Bending, CNC Machining
- Precision: ± 0.1 mm tolerance
- Custom sizes and colors available

Packaging & Delivery

Each product is bubble packed individually to prevent damage and scratches during transportation, then placed in protective cartons.

Package Size	20×20×15 cm
Gross Weight	0.2 kg
Delivery Time	25-30 work days
Payment Terms	T/T, D/A, L/C, D/P, Western Union, MoneyGram

Our Manufacturing Advantages

With extensive experience in metal manufacturing, we produce automotive spare parts, aluminum heat sinks, custom chassis shells, and CNC machining products. Our facility includes 30 sets of 20-200T stamping equipment for strict quality control, achieving a monthly output of 500,000 pieces with precision and high-speed production efficiency.

HEAT SINK

Suitable for long-time high temperature environment
Efficient heat dissipation and cost-effective cooling solution
Reduce energy consumption to increase the efficiency and longevity of equipment

MOQ: 300PCS/lot

METAL STAMPING

Mass production has significant cost advantages
Production of a variety of materials and complex shapes
Production of high quality and consistent precision metal parts

MOQ: 300PCS/lot

CRATE CLIP

High quality metal material ensure durability
Recyclable powerful crate clip for cost-effective packaging
Customized different size and shape to meet various packaging needs

MOQ: 100PCS/lot

Why Choose Our Services

We specialize in hardware stamping molds, progress molds, and drawing molds, with a monthly capacity of 800 sets of industrial chassis molds and 5,000 sets of industrial chassis products. Our professional services, quality products, and competitive prices have earned us a reliable reputation among customers worldwide.

Frequently Asked Questions

Q: Do you have any MOQ?

No limit. More quantity has better price, we will check the best price for you.

Q: What's the delivery time?

Generally within 7-15 days, we will arrange for you as soon as possible.

Q: What can you buy from us?

Metal Stamping, Toggle Latch, Casting, Clamp, Crate Clip, Server Chassis

Q: Why should you buy from us?

Established in 1998, we specialize in precision metal stamping & casting with strict QC system, reasonable prices, fast delivery and excellent service.
